

INCIDENTS | Prehospital Notifications During an Incident

01 New Patients

- Same as Daily Prehospital Notifications
 - Flash Red
 - Audible Alert (if enabled)

02 Sort by Newest

03 Triage Color (Incident Related Patient)

04 Chief Complaint | Narrative

- “Hover to Discover”

05 View Additional Details

- Tap “...”

OPTIONAL

06 Set Room Number

- EMS and Forward Triage will be able to see upon patient arrival if room is reserved

07 Update Availability

- Transport Officer / EMS will be able to see in workflow when selecting facilities

08 Adjust Audible Alerts - if needed

The screenshot displays the Pulsara HQ interface for 'JW Pulsara Main'. At the top, there's a search bar and a 'Sort By' dropdown set to 'Newest'. The main area shows a list of incidents. The first incident is highlighted in red, indicating a 'Flash Red' status. Annotations are placed over the interface to highlight specific features: 01 points to the triage color (Red), 02 to the 'Sort By' dropdown, 03 to the triage color selection, 04 to the chief complaint/narrative, 05 to the 'More' menu icon, 06 to the room number field, 07 to the 'Availability' toggle, and 08 to the audible alert icon.

Assignment	Case Type	Status	MOA	Outbound	Condition	Test Status

 - Audible Alert (if enabled)

The screenshot shows the Pulsara HQ interface for 'JW Pulsara Main'. The top bar includes the Pulsara logo, 'Availability' status (green checkmark), and a search bar. Below the top bar, there are navigation icons and a 'Sort By' dropdown set to 'Newest'. The main area displays a list of incidents with columns for status, case type, patient details, EMS source, arrival status, and room/MRN. A yellow box highlights the first incident: a 'Red' trauma patient with a gunshot wound, 'Inbound' status, and 'ETA 17 min'. A yellow circle with '01' is overlaid on the 'Red' status indicator.

Assignment	Case Type	Status	MOA	Outbound	Condition	Test Status

03 Triage Color (Incident Related Patient)

The screenshot displays the Pulsara HQ interface for 'JW Pulsara Main'. The top navigation bar includes the Pulsara logo, 'HQ', 'JW Pulsara Main', 'Availability' (checked), and a search bar. Below the navigation bar, there are filters for 'ASSIGNMENT', 'CASE TYPE', 'STATUS', 'MOA', 'OUTBOUND', 'CONDITION', and 'TEST STATUS', each with a 'CLEAR' button. A 'Filter Labels...' search box is also present. The patient list is sorted by 'Newest'. The first patient is highlighted in red, with a yellow circle '03' and a red box around the 'Red' triage color dropdown. The second patient is 'GENERAL' and the third is 'STEMI'. The fourth patient is also highlighted in red, with a yellow circle '03' and a red box around the 'Red' triage color dropdown. The interface includes a '+ Create Patient' button and various status icons for each patient.

Filter	Action	Filter Labels...	Sort By	ETA	Type	+ Create Patient

The screenshot displays the Pulsara HQ interface for 'JW Pulsara Main'. The top navigation bar includes the Pulsara logo, user name 'JW Pulsara Main', an 'Availability' status indicator (green checkmark), and a search bar. Below the navigation bar, a summary shows 'Total Patients: 4' and 'Inbound: 3' with a timestamp 'Last set 728 hr 51 min ago'. The main content area features a sidebar with filters for ASSIGNMENT, CASE TYPE, STATUS, MOA, OUTBOUND, CONDITION, and TEST STATUS. The patient list is sorted by 'Newest'. A tooltip is visible over a patient with a 'Red' triage color and 'TRAUMA' category, showing the chief complaint 'Gunshot wound to abdomen. Pressure 70, pulse 120.' and the narrative 'Hanging one unit whole blood'. The patient list includes columns for triage color, category, chief complaint, patient details (age, gender), EMS source, arrival status, and room/MRN information.

Triage Color	Category	Chief Complaint	Patient Details	EMS Source	Arrival Status	Room	MRN

The screenshot displays the Pulsara HQ interface. At the top, it shows 'JW Pulsara Main' with an 'Availability' status of 'On' and a green checkmark. Below this, there are statistics: 'Total Patients: 4', 'Inbound: 3', and 'Last set 728 hr 51 min ago'. The main area is a patient list with columns for triage color, case type, status, MOA, and condition. A patient with a 'Red' triage color and 'TRAUMA' case type is highlighted. A detailed view of this patient is shown in a modal window. The modal window has a title '(Unknown Name)' and tabs for 'Patient Details', 'Conversation', 'Team', and 'Requests'. The 'Patient Details' tab is active, showing 'Triage / Incident' with 'Incident: Active shooter at grocery store', 'Test Incident: No', and 'Patient Condition: Red'. Below this, 'Patient Type' is 'Trauma' and 'Patient' information includes 'Date of Service: Jul 10, 2024 16:24', 'Name: (Unknown Name)', 'MRN: ----', 'US | Statewide Wristband: PTNFXC2508', and 'Hospital: IW Pulsara Main'. A 'Filter Labels...' button is visible in the patient list. A '05' callout points to the three-dot menu icon in the patient list row.

OPTIONAL

06 Set Room Number

- EMS and Forward Triage will be able to see upon patient arrival if room is reserved

07 Update Availability

- Transport Officer / EMS will be able to see in workflow when selecting facilities

The screenshot shows the 'Set Availability' dialog box. It features a purple warning banner: 'Please be aware that your availability will be visible to everyone in the Pulsara network'. Below the banner are 'Clear Status' and 'Update' buttons. The 'Set Status' section includes four icons: a green checkmark, a yellow warning triangle, a red hand, and a red circle with a slash. The 'Comment' section has a text input field containing 'Resources called in. Able to take 20 Red Patients'. At the bottom, it shows '50 of 255 Clear'.

08 Adjust Audible Alerts - *if needed*

The screenshot shows the Pulsara HQ interface. At the top, there's a header with the Pulsara logo, 'HQ', and 'JW Pulsara Main'. Below this, it says 'Total Patients: 4 Inbound: 3 Last set 728 hr 51 min ago'. There's a search bar and a settings icon. A yellow box highlights the notification bell icon in the top right corner, which is labeled with a yellow circle containing the number 08. Below the header, there's a list of incidents. The first incident is a trauma case with a red triage color, 'Gunshot wound to a...', '20y -', 'EMS FROM JW Pulsara EMS', 'ETA 17 min', 'Inbound', and 'Room --'. The second incident is a general case with 'Right flank and righ...', '29y M', 'EMS FROM JW Pulsara EMS', 'ETA 7 min', 'Inbound', and 'Room --'. The third incident is a STEMI case with 'Chest pain for three...', '66y F', 'EMS FROM JW Pulsara EMS', 'ETA 6 min', 'Inbound', and 'Room Cath Lab'. The fourth incident is a trauma case with 'Gunshot wound to c...', '20y M', 'EMS FROM JW Pulsara EMS', 'ED Arrival 13 min a...', 'On Site', and 'Room --'. The interface also includes a sidebar with filters for ASSIGNMENT, CASE TYPE, STATUS, MOA, OUTBOUND, CONDITION, and TEST STATUS. There are also buttons for 'Filter Labels...', 'Sort By', 'Newest', 'ETA', 'Type', and '+ Create Patient'.
