The image displays three mobile app screenshots. The top-left screenshot shows an incident view for 'Active shooter at grocery store' with a 'Patients' list that is currently empty. The top-right screenshot shows the 'New Patient' form with a 'DL Scan' button highlighted in yellow. The bottom-left screenshot shows the 'Method of Arrival' (ED Patient, Inbound EMS, Inpatient) and 'Triage / Incident' (Condition: Green, Yellow, Red, Black) options. The bottom-right screenshot shows the 'New Patient' form with fields for Record ID, Wristband ID, Name (First and Last), Date of Birth, Age, Gender, and Patient Type (Trauma).

- Rapid: **Unknown** name, estimated **Age**, **Gender**

The image displays two mobile app screens. The left screen, titled 'Active shooter at grocery store', shows incident details including a location, incident ID, and a list of patients (currently empty). It features 'SCAN' and 'NEW' buttons. The right screen, titled 'New Patient', shows a form for entering patient information. A yellow box highlights the 'Name' (First and Last, both 'Unknown'), 'Date of Birth' (MM/DD/YYYY), 'Age' (Years, Months, Days), and 'Gender' (Female, Male, Unknown) fields. Below this, there are options for 'Audio', 'Images', and 'ECGs', and a 'Patient Type' dropdown menu set to 'Trauma'.

  - **Select Incident** and **Condition**

The screenshot shows the 'New Patient' form in a mobile application. The 'Triage / Incident' section is highlighted with a yellow border. It contains a dropdown menu for 'Incident' with the text 'Select an Incident' and a downward arrow. Below it are four radio buttons for 'Condition': Green, Yellow, Red, and Black. The 'Patient' section below includes a 'DL Scan' button, an 'MRN' field, a 'US | Statewide Wristband' field with a scan icon, and 'Name' fields for 'First' and 'Last', each with an 'Unknown' checkbox. At the bottom, there is a 'Date of Birth' section with 'Month', 'Day', and 'Year' dropdowns, and an 'ADD' button.
